

Dermalax TM
CROSS LINKED HYALURONIC ACID

*Design Your Beauty
with DermalaxTM*

Feature & Benefit

- Dermalax™ is a Supreme & Pure monophasic, crosslinked HA soft tissue filler
- Dermalax™ works by adding volume to facial tissue, thus correcting wrinkles & folds, and restoring a smooth appearance to the face.
- It keeps your skin moisturized, stimulates the regeneration of the aged cells, and supports Collagen & Elastin to maintain healthy skin.

“3 Better”

Better
Performance

Better
Choice

Better
Comfort

Better Performance

- Better volumizing effect
- Soft extrusion force, and excellent results

Better Comfort

- Infused with lidocaine to improve comfort during treatment
- Longer-lasting effect
- Less pain

Better Choice

- Various options for treatment
- Customized service to all users due to its extensive application from face wrinkle to surgical application
- No harmful side effects and excellent biologic safety
